

# THE **BIG** RECYCLING HUNT

## The Family Challenge

It's not only children that need to learn about recycling! Grab an adult and complete these fun activities together. Older children might try all three activities, and younger children might just enter the photo competition.

## RECYCLE WEEK 2023

### Learn how to recycle better

#### Adult vs child quiz

1. What recycling containers do you have (e.g. green wheelie bin, small brown bin)?
2. Take the adult vs child quiz! Complete the table with your guesses about where each item should go when you're done with it?
3. Use the Recycling Locator to check your answers and note down any special instructions (e.g. leave the lid on or flatten).

The **Recycling Locator** helps you recycle items in your local area. Use it to find out:

- where to recycle a specific item
- what to put in your recycling at home
- your nearest recycling locations.

## RECYCLE WEEK 2023

### Apply your learning at home

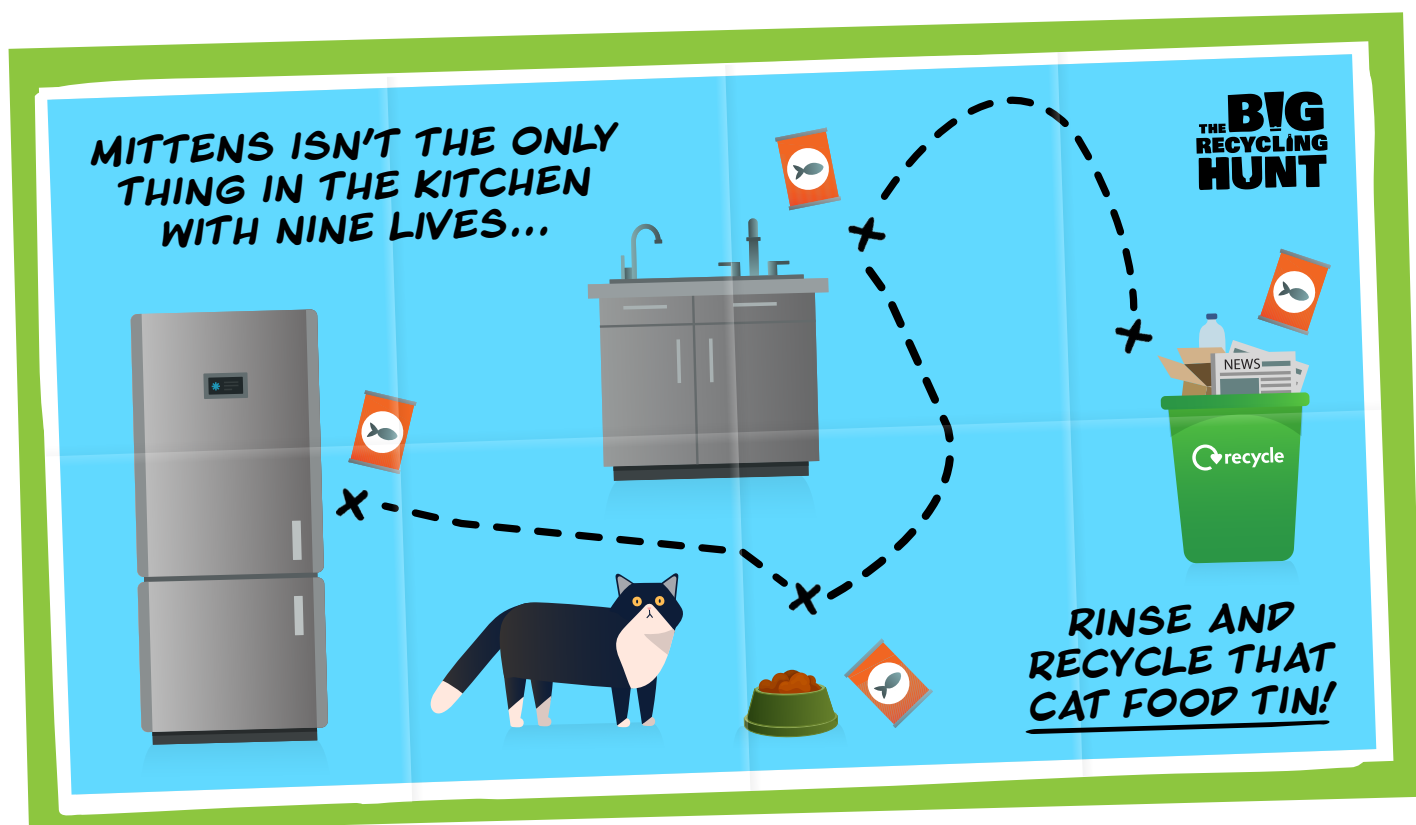

#### Lost recyclables treasure map

Choose one of the lost recyclables. Create a map showing the journey of the item through your home, including:

- ✦ where it is stored
- ✦ where it is used
- ✦ anything that happens to it before it can be recycled
- ✦ which recycling container it goes in.

Display the map at home where people can see it as a **Recycling Reminder!**
